

## Winter Workshop Sponsors

### First National Bank First National Bank

First National Bank Small Business Finance is made up of over 45 experts solely devoted to SBA lending. Their lenders are experts in SBA 7(a) and 504 loans, offering flexible long-term financing solutions that are tailored to you or your client's business needs. Whether you want to start a new business, purchase a business, or expand an existing business, their experienced team can help you navigate the SBA loan process.

### The Form Team

The Form Team develops state-of-the-art, custom-designed, secure patient forms for medical and dental practices. We're a division of The Highland Group, building medical websites for over 22 years.

We build every form from scratch - once to provide the easiest patient experience and then once again to make the submitted forms match the practice's existing forms. We're working on a significant upgrade to have our patient intake forms automatically load the practice's EHR.

Our system is a great way for consultants to build customer loyalty – practices are often hesitant to change form vendors once they've begun.

### Hybrid Chart

HybridChart is a mobile charge capture and workflow solution designed for medical practices of any specialty and any size.

The comprehensive software connects healthcare teams between their practice and their multiple rounding facilities. The cloud-based software syncs seamlessly across key features such as Charge Capture, Census Management, Discharge Planning, Secure Messaging, and Data Analytics.

HybridChart is ideal for healthcare consultants looking to make software product recommendations that improve the efficiency and productivity of their clients, as well as providing actionable data insights for long-term, scalable growth.

### i3 Verticals

i3 Verticals is a payments and technology company based in Nashville, Tennessee. We serve clients nationwide. I was introduced to NSCHBC by Chris Mahan with Mahan & Associates. Last year at the annual conference, I was able to connect with additional NSCHBC members and have since been able to help over 40 of their clients save money on merchant fees. I look forward to seeing you in Phoenix this January and seeing how we can work together to save your clients money.
